

# General Assembly Video Project

## See your video featured at GA Plenary! Showcase your Congregation!

Do you have a short video that you've posted on your congregation's website, the Internet or sent out to welcome visitors, educate or inspire members, or evangelize? Do you want to create one? Your fellow Unitarian Universalists want to see it! We will choose a handful of the best videos to showcase during Plenary.

We invite video submissions that:

- Are under 120 seconds, with preference given to shorter videos.
- Honor copyright law with regard to music and images.
- Come with appropriate release forms secured for persons and locations filmed.
- Have high visual and audio quality.
- Come with transcripts for captioning so that we may be welcoming and accessible to all.

The GA Video Project Team knows that these parameters can be daunting AND we are ready to work with you to make this experience successful!

The *InterConnections Tip Sheet* has excellent information on copyright and permissions: <http://tipsheet.blogs.uua.org/2009/11/06/filming-others-may-require-permission/>

## Submissions are due by May 14, 2010.

Individuals or Congregations may submit an application:
