

# JUNIOR YOUTH CON 2008

Dear DRE or RE Chair,

Thank you for being the coordinator for your society for the Junior Youth Con. The flyer should answer most of the questions you and your youth may have. If you have other questions or concerns please feel free to call us. This list explains how you can help to make this a smoothly running, successful event:

- Encourage your attendees to register early. Registration is on-line at
  - <https://www.formdesk.com/uiforms/JrConApril08>
  - The website will walk you through the process.
- Register your society's attendees yourself or let them register individually. You can send in one check or let your attendees send in their own money.
- Send one adult for every 5 youth. If you have an odd number of youth and aren't sure what to do about advisors, call Peter Green (914 414-1226.)
- The online registration process requires youth to provide an email address for DRE/MRE/REC personnel from their society. A confirmation email will be sent to you when your youth register. Contained in this email is a link to their registration form. This link will indicate whether the youth/parents have sent in payment and paperwork, so you can monitor this activity at any time. The registrar appreciates your help in making sure that your youth and adults get their paperwork in on time.
- **Stress to your drivers the importance of arriving on time so your youth don't miss out.** The beginning of Saturday morning is icebreaker/tone-setting/get-acquainted stuff. **Much of the value of the weekend is lost if you're not there.**
- Urge your jr youth teachers and potential teachers to come. The con may just fire them up.

We do appreciate your help in creating a memorable event for all of our youth.

Sincerely,

Peter Green, Co-Coordinator  
Robin Slaw, Co-Coordinator  
Eric Hallander, Registrar
