

Unitarian Universalist District of Metropolitan New York

Jerry Muntz
President

June 1, 2007

Dear Friends:

The Metro New York District of the UUA is beginning the search process for its next settled Congregational Services Consultant (CSC), the position currently held on an interim basis by the Rev. Calvin Dame. If you are interested, or know of someone who might be interested, in serving on the search committee, please contact me as indicated below.

We could not have a more important task than choosing the best search committee possible. The time commitment will be approximately September 2007 – May 2008. The work generally will involve two or three conference calls and two weekends (Friday night and all day Saturday) sometime between September and May. We want the committee to be as diverse and representative of the district as possible.

The district board also welcomes your opinions regarding the qualities, skills and capabilities you hope our next CSC will possess. Please feel free to share your thoughts with me or any other member of the board.

Please submit the names of nominees for the search committee and other information to me at jmuntz@princeton.edu. If you prefer, you may mail materials to me at 330 Alexander Street, Princeton, NJ 08540.

The district board will select five or six persons to serve on the search committee in September.

In peace,

Jerry Muntz
