

UU Congregation of the Catskills Hosts “Movies with Spirit”

It is April 21 at 5 p.m. and something must be happening at the UU Congregation of the Catskills (Kingston NY). The doors are unlocked and the lights are on, and people are working in the kitchen and moving chairs around. Then an enormous movie screen shows up with people we do not know. Someone says they might be Presbyterians! That night the congregation hosted a meeting of “Movies with Spirit”. This is a series of inter-faith dialogs centered on watching a movie that has some spiritual content, and the congregation got to show *The World’s Fastest Indian*. After the movie participants had snacks and then sat down while the Rev. Dr Linda Anderson led a discussion that sometimes probed deeply and was always fun. Congregants met and talked with others in the faith community of Ulster County, and that is a very good thing. Next month congregants are off to another movie at another congregation.
