

New Salary Recommendations Now Available

New Salary recommendations are effective January 1, 2006, and District Compensation Consultant, Lynn Dash, is available to help congregations work with them. She also assists congregations in ascertaining their "Fair Compensation" status. These services are available at no cost to congregations through the District and UU Association of Congregations, supported by the Annual Program Fund.

The salary recommendations are for SALARY ONLY (or Salary and Housing in case of ordained ministers). The recommendations are only a part of a total compensation picture. Please see <http://www.uua.org/programs/ministry/finances/> for the salary recommendations and a background explanation. Our District Compensation Consultant welcomes any questions!

Lynn Dash,
UU Metro District Compensation Consultant
